

## Mission

Our ultimate objective is to develop and groom the natural talent and to explore the potential of the youth. We have strong faith in Allah Almighty that He has bestowed innumerable blessings on us. He has gifted us with the integrity and devotion along with the true educationists to impart quality education according to the need of the hour. Our professional skills with novel ideas will work together and provide a platform for the future of the nation.

### Values

- Trust in Almighty Allah
- Trust in Your Potential Passion
- Integrity | Positive Attitude
- Commitment | Hardwork

## Objectives

- To build up an ideal Community that Invariably seeks to imbibe latest Intellectual discoveries.
- To provide a stimulating environment that focuses especially on the power and inherent potential of the individual opening the channels of his critical and analytical thinking.
- To create a hatchery of learning to churn-out students of wisdom and prudence possessing vision of future with the scholarly support of exciting and most qualified faculty, dedicated to transforming their dreams into reality.
- To invent a string of thoroughly filial and affectionate equation between the teacher and the student so that the process of dissemination of knowledge is performed amiably and comfortably.
- To provide untapped opportunities for sports and co-curricular activities so that our students become well chiseled and dynamic personalities to make rich contribution to the national development.
- To face ever-multiplying monumental educational challenges, giving knowledge-seekers a direction in a world that lacks poise.
- To train the students to act with dignity and decorum to brighten the fair name of the institution to the uncharted crests of human glory and academic glamour.
- To provide their babbling ideas a rallying point.
- We have strong faith in Allah Almighty that He has bestowed innumerable blessings upon us.

## Chairman's Message

**We believe the rudimentary purpose of education is to create men of great intellect, capable of experimenting new ideas rather than repeating the trotted actions and predecessors.**

I Consider it to be a matter of immense pleasure and honor for me to address you all on the behalf of Frenter Group of Colleges. It indeed very heartening to witness that the college has carved an unparalleled name for it self in the academic scenario of the region, Education is the most powerful tool to fulfil the need of hour and bring desirable and positive changes in our society it is the only

medium which enables you to dissipate the darkness of illiteracy and bring about the brightness of education. Moreover, the prosperity and grooming of individual personality is dependent to education as well.

Dear friends, I firmly believe that there can be no better way to drive and improve our national prosperity and socio-economic well-being than through the standard educational system.

I would take this opportunity to urge you all to focus on all-round developments. You should always have your education laced with morality, ethics, and analytical skills. This task has to be carried out by the academicians to make sure the provision of quality education. Apart from this, we should all remember that honesty is the first chapter in the book of wisdom and we should inculcate honesty and integrity in all what we do. Let me assure you that these qualities would be the core objectives of FGC.

I earnestly hope and trust that my esteemed academicians and budding educationists will put their maximum energies into the field with sincerity, honesty and dedication in order to contribute towards the establishment of a model of education for the region.

### **Executive Director's Message**

We believe the rudimentary purpose of education is to create men of great intellect, capable of experimenting new ideas rather than repeating the trotted actions and predecessors.

Under the umbrella of Frontier Group of Colleges, we always look at developing additional opportunities for our students to enhance their learning abilities. Our aim is to develop students with active and creative minds, with a sense of understanding and courage to act on the sound principles. FGC is a place of dynamic, utmost and vivacious learning community where individuals are engaged and challenged to reach their highest potential. FGC is a place of outstanding learning opportunities for newcomers. It is highly imperative that we prepare learners to become even more resourceful so that they can continue to learn and adapt themselves to the changing world. FGC recognizes that each child is a unique and creative individual, and needs to succeed in concerned skills.

We strive to provide quality education and ensure the employment of committed and highly qualified faculty. The faculty has a diverse academic exposure to enhance students' practical skills. We are projecting to expand our horizons and explore more opportunities for expansion. I am excited to be able to continue to play helping our students and community take these accomplishments to a whole new level of success at FGC. We are at the utmost level of education at our distinguished institution.

With the Grace of Almighty Allah, our progress manifests our commitment and sustainability. Our belief is that Frontier Group of Colleges must itself be a leader in shaping not only the future of education and ideas but also the ways in which FGC can make the most powerful and positive difference in the world. Together with chairman, the students, alumni, faculty and staff, we look forward to welcome you into our community and invite you to discover FGC and become a vital part of our learning community.

### **Physics Lab**
